OBJECTIVE

My academic background has equipped me with a theoretical and technical understanding of software engineering principles, and I am eager to apply my knowledge in a practical setting. I am a quick learner and am confident in my ability to contribute effectively to your team.

PROJECTS

Personal Portfolio Website

- About Portfolio :- Designed a online portfolio website where I introduce my skills, education and project.
- Tech Stack :- HTML5, CSS, JAVASCRIPT.

E-commerce Website

- Tech Stack : React JS, Redux, basic Material UI.
- About Website :- I've designed a cloth website that showcases the cloth's features and details. The website incorporates various functionalities, such as adding items to a cart, basic form interactions and handling arrays to enhance the user experience.

Mini Project for Practice

- React Dashboard :- create an attractive dashboard using react JS.
- Registration:- create registration form using backend language java, servlet, jdbc and MySql where the user registration data directly store in MySql database.
